

# La Follette In Sharp Attack On Federal Courts

Wisconsin Senator Proposes  
Amendment to Curtail  
Power of Judiciary  
ASSAILS CHIEF JUSTICE TAFT  
Supreme Court is Usurping  
Powers Not Granted by  
Constitution, Charge

LA FOLLETTE

Each decision by the supreme court  
by re-enactment of the statute.

## CHILD LABOR LAW CITED

Citing the recent decision of the  
supreme court holding unconstitutional  
the child labor law as  
"typical of the conduct of the federal  
judiciary and particularly the su-  
preme court whenever congress has  
sought to enact progressive and hu-  
man legislation which was offensive  
to great financial interests" Senator  
La Follette declared the supreme  
tribunal of the country was "today  
the actual ruler of the American peo-  
ple."

## ASSAILS TAFT

"The nine lawyers who constitute  
the supreme court are placed in po-  
sitions of power for life, not by the  
votes of the people but by presiden-  
tial appointment. Ex-President Taft  
was made chief justice by President  
Harding. Thus a man was invested  
with the enormous prestige and in-  
fluence of chief justice by presiden-  
tial appointment who had been repudiated  
by the voters of the United States on  
his record. No one will contend that  
he could have been elected chief justice  
by vote of the people. And yet  
Chief Justice Taft wrote the opinion  
that annulled the child labor law; he  
wrote the opinion in the Coronado  
Coal company case. In making this  
observation I level no criticism at the  
personnel of the court. I am not con-  
cerned with personalities. I am dealing  
with fundamentals."

## CALLS JUDICIARY "OLIGARCHY"

It cannot be denied that "we are  
ruled by a judicial oligarchy" the  
senator asserted, adding that while  
many of the minor federal judges  
"sharing the sovereign power" of the  
supreme court, were "excellent and  
enlightened men, some of them, not-  
ably Judge Anderson of Indiana and  
Judge McClinton of West Virginia,  
have, in my opinion, shown them-  
selves to be petty tyrants and arro-  
gant despots."

In assuming to pass upon the con-  
stitutionality of many laws enacted  
by congress, the federal courts, Mr.  
La Follette declared, not only are ex-  
ercising a power nowhere conferred in  
the constitution but which the con-  
stitutional convention, he said, four  
times went on record as opposed to  
granting when it was proposed that  
judges should have a veto upon fed-  
eral legislation.

"The time has come when we must  
put the axe to the root of this mon-  
strous growth upon the body of our  
government. The usurped power of  
the federal courts must be taken  
away and the federal judges must be  
made responsive to the popular will"

# Woman Beach Dweller Hurt By Assailant

By Associated Press  
Chicago—Mrs. Alice Gray Wilson,  
University of Chicago graduate, who  
forsook society in 1916 for the life of  
a beach dweller on the Indiana dunes,  
was reported dying in a Gary, Ind.,  
hospital Wednesday as a result of in-  
juries received in a battle on the  
sands Tuesday night.

# FARMERS TRYING TO ESTIMATE LOSS DUE TO BIG RAIN

Many Corn Fields Must be Re-  
planted—Grain Suffered  
But Little

Damages done to crops in Outaga-  
mie-co. by Saturday's rain and wind  
storm are most evident where the  
floods took their natural course. Some  
farmers estimate their farm losses as  
high as \$500, while others considered  
their losses slight.

The greatest damage was probably  
done to corn and potato fields. The  
rain rooted out many of the tender  
plants and washed them into the roads.

While it will not be necessary to re-  
plant whole fields, farmers will have  
to go over them and plant where  
washouts occurred.

Rye, barley, oats and wheat came  
through the storm in fairly good  
shape, as the stalks standing closely  
together and the intertwining roots  
prevented washouts. Some grain fields  
were severely beaten down by the  
winds.

Hay and alfalfa that were cut last  
week have been soaked so thoroughly  
that they are in danger of rotting. On  
some farms the hay was washed com-  
pletely off the fields.

Farmers who have not yet planted  
their cabbage are likely to be delayed  
for some time. The ground is so soft  
that it is impossible to work on it and  
the cabbage plants unless kept in cold  
storage, may soon get beyond the  
planting stage.

One crop that was probably benefi-  
ted by the rain was the strawberry  
crop, as the previous dry weather had  
endangered it. Yet a slight seems to  
have settled on some patches. Num-  
erous false blossoms were noted be-  
fore the storm.

# SAYS BANK ADS ARE MUCH TOO FRIENDLY

By Associated Press  
Milwaukee—Banks are becoming  
too friendly in their advertising, C. H.  
Handerson, a bank publicity manag-  
er of Cleveland told financial adver-  
tisers at the convention of Associated  
Advertising Clubs of the World here  
Wednesday.

"Personally I am inclined to be-  
lieve that the less we speak of our  
friendly service and courteous treat-  
ment, the better," said Mr. Handerson  
for the very mention of it admits that  
perhaps we might be criticised for  
lack of it."

Atlantic City will get the 1923 con-  
vention of the Advertising Clubs of the  
World while London will in all prob-  
ability entertain the convention in  
1924, it was decided at a meeting of  
the club presidents, lasting till early  
Wednesday morning.

## YEN IS REAPPOINTED FOREIGN MINISTER

By Associated Press  
Peking—Dr. W. W. Yen, former  
foreign minister, has been reappoint-  
ed to that post in the new central  
Chinese government of President Li  
Yuan Hung. Dr. Yen also has been  
named acting premier and is expected  
to be made premier in the event Wu  
Ting Fang, the foreign minister of the  
southern government at Canton re-  
fuses to be President Li's premier.

Dr. Wank Chung Hui, a lawyer of  
international repute, will be minister  
of justice.

## GROCCERS WILL HOLD OUTING AT KESHENA

Instead of an annual picnic at  
Waverly this year, members of Ap-  
pleton Grocers association are plan-  
ning to go to Keshena Falls Wednes-  
day, June 21, for a day's outing. They  
will leave here at 9 o'clock in the  
morning and will be absent until late  
in the evening. A baseball game will  
be one of the features of the program.

# BONUS MIGHT PASS SENATE THIS SESSION

Tariff and Soldier Compensa-  
tion Bills Are Competing  
for Senate Consideration

HARDING LIKELY TO SIGN  
Will Take Several Weeks to Put  
Bonus Measure Through  
Senate

BY DAVID LAWRENCE  
Copyright, 1922, by the Post Pub. Co.  
Washington—The bonus and the  
tariff are getting intertwined. To  
make way for the one the progress of  
the other may be dangerously re-  
tarded. Yet the bonus will win out—  
it will be passed by the senate during  
the present session of congress  
whether consideration of the tariff is  
concluded.

All thought of jamming the bonus  
through in a few days is being  
abandoned. Senators who oppose the  
measure do not wish to filibuster or  
otherwise delay its passage but they  
do want an opportunity to tell their  
constituents why they are against the  
proposal. Usually it takes a member  
of congress more time to explain why  
he is fighting something than why he  
favors it. Especially is this true with  
a measure such as the bonus which  
interests so many thousands of ex-  
service men. There are at least  
thirty senators who will vote against  
the bonus. Those who favor it will  
also want to show their constituents  
how actively they championed it. This  
means that if the tariff gives way on  
the calendar to the bonus the latter  
may take three or four weeks to pass  
through the senate.

As for the debate on the bonus,  
there is talk of a presidential address  
to the senate when the measure  
reaches the floor of the senate. Mr.  
Harding waited last year until the  
bill was in the senate and it was  
finally reported back to the committee  
after he had made his plea.

## PREDICT HARDING WILL SIGN

Mr. Harding had let it be known  
a half dozen times recently that his  
attitude toward the bonus has not  
changed since he asked the house to  
drop the matter if the sales tax  
couldn't be enacted. The house ig-  
nored the President's wishes and the  
senate has before it a bill substan-  
tially the same as the one adopted by  
the house. Close friends of the  
president in the senate predict that  
Mr. Harding will eventually sign the  
bonus bill. The argument is made on  
Capitol Hill that when Mr. Harding  
sees the overwhelming majority cast  
for the bonus he will gracefully bow  
to the mandate of congress and sign  
the measure on the ground that a  
veto would be futile.

# PROTECT SLAYER OF WOMAN FROM MOBS

Tear Gas is Used to Repulse  
Angry Crowds Who Try to  
Take Man From Jail

By Associated Press  
Jackson, Mich.—Use of tear gas to  
repel the advances of more than a  
thousand angry citizens of Jackson  
who sought to take George Straub,  
confessed slayer of Miss Alice Mallott,  
from the custody of the sheriff, is  
largely responsible for Straub's safety  
in Lansing where he was taken Fri-  
day night.

The prisoner, disguised as a city  
fireman, marched through the ranks  
of the crowd that sought his life  
Tuesday night, and was spirited out  
of Jackson several hours before it  
was learned he had left the jail.

Announcement of Straub's confes-  
sion came as citizens were beginning  
to chafe at delay in running down  
the slayer. The confession was made  
Monday night but was not announced  
until 24 hours later, the officials in  
the meantime carefully checking up  
on the prisoner's story and formally charging  
him with murder.

## CENTRE COLLEGE SEEKS GANFIELD'S SUCCESSOR

By Associated Press  
Danville, Ky.—Announcement was  
made here Wednesday that the board  
of trustees of Centre College had ex-  
tended an invitation to Dr. R. A. Mont-  
gomery, president of Parson's College  
at Fairfield, Iowa, to become president  
of Centre.

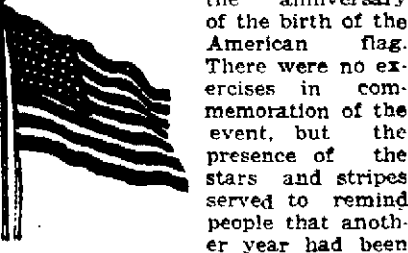

His acceptance of the presidency of  
Centre is expected in succession to Dr.  
W. A. Ganfield, who now is president  
of Carroll college, Waukesha, Wis.,  
and who has been mentioned as the  
candidate for United States Senator  
from Wisconsin.

# City Honors Birth Of Old Glory Today

Appleton was gay with flags in both  
the business and residential sections  
Wednesday in observance of flag day,  
the anniversary  
of the birth of the  
American flag.

There were no ex-  
ercises in com-  
memoration of the  
event, but the  
presence of the  
stars and stripes  
served to remind  
people that another  
year had been  
added to the  
momentous history  
through which the colors have passed.  
Sunny weather in the early morning  
brought many flags from their seclu-  
sion.

# SINN FEINERS ARE REPULSED BY ULSTERMEN

British Warship Stops German  
Vessel Apparently Carry-  
ing Contraband Goods

By Associated Press  
Belfast—Sinn Feiners attacked Kil-  
leagh castle, county Down, during  
the night but were driven off by mem-  
bers of the special constabulary. Col.  
Hamilton and Mrs. Hamilton, the  
owners, were in the castle during the  
attack.

Two motion picture theatres, a  
restaurant, a brewery, and a block of  
business offices were burned during  
the night. Three men were injured in  
the latter fire.

British bluejackets Wednesday were  
still engaged in discharging the car-  
go of the German steamer Stella  
Maris, which was stopped by a British  
warship Danae. The authorities  
maintain secrecy regarding the re-  
sults of their search of the vessel.

# BENTLEY WANTS TO BE GOVERNOR

President of Municipalities  
League Will Seek Dem-  
ocratic Nomination

Arthur A. Bentley, mayor of La-  
Crosse and president of the League of  
Wisconsin Municipalities, has an-  
nounced himself as a candidate for gov-  
ernor of Wisconsin in the democratic  
primaries. Mr. Bentley presided at the  
league convention here last week and  
was unanimously reelected president.  
He is serving his fourth term as mayor  
of LaCrosse. Two years ago he was  
a candidate for governor but was barred  
from the campaign because his papers  
were not filed in time.

"We want leadership that believes in  
the enforcement of the law and that  
the unwelcome law should be changed  
by legislative act, rather than by  
general disregard and non-obser-  
vance," Bentley stated in his announce-  
ment.

# OSHKOSH PLANS TO CELEBRATE FOURTH

Oshkosh is making every effort to  
attract hundred of visitors for her  
sane Fourth of July celebration. The  
program for the day includes many  
attractive military and recreational  
features. The military parade in-  
cluding companies from Fond du Lac,  
Oshkosh, Neenah, Menasha, Appleton  
and Waupaca, will begin at 1:30.  
There will also be an industrial pa-  
rade featured by many floats.

Daylight and nighttime fire works  
displays will be offered. At 3 o'clock  
there will be a baseball game between  
Appleton and Oshkosh. In the eve-  
ning, there will be a band concert, fol-  
lowed by the most elaborate display of  
fire works which has ever been put  
on in this vicinity. Oshkosh is prom-  
ising that all who come to the city  
for the Fourth will be provided for  
and special parking arrangements will  
be made in order that all cars may be  
parked outside the celebration  
grounds.

## ILLINOIS OPERATORS TO DEAL WITH OWN MINERS

By Associated Press  
Chicago—Illinois coal operators an-  
nounced Wednesday that they  
would deal only with their own  
men in any future wage conferences,  
declaring the time had passed when  
a joint conference with operators in  
other states is desirable. The an-  
nouncement constituted a refusal of  
the move of certain eastern operators  
to open joint negotiations looking to-  
ward an end of the mine strike.

## NEW GRADE IS ADDED TO ST. JOSEPH SCHOOL

A ninth grade and a commercial  
class will be added at St. Joseph school  
next fall which will make it possible  
for members of the graduating class  
to continue studies for another year.  
The new grade will be similar to the  
first year in high school.

# CHILD LABOR CONDEMNED BY LABOR HEADS

La Follette's Denunciation of  
the Courts is Received  
With Applause

WILL SIDE WITH FARMERS  
Resolution Demands Repeal of  
Transportation Law Be-  
cause Pay Was Cut

By Associated Press  
Cincinnati—Organized labor again  
raised its voice at the convention of  
the American Federation of Labor  
here Wednesday against child labor,  
coupling with this an observance of  
Flag day. The program for the entire  
day's speeches was devoted to child la-  
bor, with reference to the Supreme  
court decision of two months ago  
holding a child labor law unconstitu-  
tional for the second time.  
Delegates favoring radical changes  
in the American trade union move-  
ment made their first move in the  
convention Wednesday by introducing  
a resolution for the amalgamation of  
existing unions by industries into sin-  
gle organizations.

A flood of resolutions were intro-  
duced for later consideration by the  
convention. By the time the conven-  
tion was called to order 113 resolutions  
had been received.  
W. O. Cline, delegate from the Ala-  
bama state federation, offered a resolu-  
tion proposing that the American  
Federation of Labor "take sides with  
the farmers in their controversy as to  
the acceptance of the Ford bid" for the  
Muscle Shoals water power develop-  
ment, made by the government dur-  
ing the war.

Other resolutions asked the federa-  
tion to investigate the alleged dis-  
crimination action contemplated by  
Harvard university toward barring  
Hebrews as students and repeal of  
the Esch-Cummings transportation  
law principally because of the rail-  
road labor board, created under the  
law, reduced the wages of the rail-  
workers.

Senator La Follette, the principal  
speaker, received a rousing welcome  
from the delegates. The demonstra-  
tion continued a few minutes as he  
was escorted to the platform. Mr.  
Gompers introduced the Wisconsin  
senator as "the tribune of the peo-  
ple" and the senator brought the dele-  
gates to their feet by his declaration  
that "sovereignty has been wrested  
from the people and usurped by the  
courts."

# HONOR MEMORY OF FRANCIS SCOTT KEY

Unveil Monument Erected by  
Congress in Honor of Na-  
tional Anthem Author

By Associated Press  
Baltimore—Francis Scott Key's  
memory, honored Wednesday with  
the unveiling of a monument to him,  
erected by congress near the spot in  
historic Fort McHenry over which  
floated the "Star Spangled Banner,"  
immortalized in his poem, made the  
fort the mecca of a throng which  
gathered there long before the hour  
fixed for the arrival of President  
Harding who was to accept the mem-  
orial for the nation.

Representing "The Spirit of Music"  
in a colossal statue executed in bronze  
by Charles H. Niehaus, the memorial  
rises to a height of nearly 43 feet, and  
is located about 300 yards from the  
entrance to Fort McHenry.

# BOAT RACES FOR ADVERTISING MEN

By Associated Press  
Milwaukee—The national power  
boat regatta will be held  
Wednesday as a feature of Milwau-  
kee's annual Neptune festival, on the  
local harbor. Speed boats from all  
parts of the country will be entered  
in the various contests.

A hydroplane race will be one of  
the features of the contests, which are be-  
ing held as a special feature of the  
meeting of the Associated Advertising  
Clubs convention.

## REPORT FINDING BODY OF OSHKOSH SAILOR

Washington—The body of Ferdi-  
nand J. Scheschi, boatwain's mate of  
the American gunboat New Orleans,  
one of the eight members of the crew  
of the motor sailor believed lost in  
Amur Bay, Siberia June 4, has been  
recovered, a message to the navy de-  
partment from the commander of the  
New Orleans received Wednesday said.  
His mother is Mrs. Amelia Herli of  
Oshkosh, Wis.

## CHARGE TURKS KILLED WOMAN AND CHILDREN

London—Charges that 1,300 Chris-  
tian women and children were taken  
by the Turks from Samsun, on the  
Black Sea, to the interior and mas-  
sacred near Kavak two weeks ago are  
contained in a telegram received by  
the Greek defense committee here  
from Archbishop Metaxid, Greek patri-  
arch of Constantinople.

# Busch Assails Lasker For Sale Of Liquors On American Liners

KOHLER REELECTED HEAD  
OF BOARD OF REGENTS

By Associated Press  
Madison—Dr. Walter J. Kohler, of  
Kohler, Wis., was reelected president  
of the University of Wisconsin board  
of regents Tuesday afternoon. Ben  
F. Faust, Eau Claire, was reelected  
vice president, and M. E. McCaffery,  
secretary, Gilbert Scamman, Milwau-  
kee, was elected recent member of  
the state board of education.

MEXICO CITY TIED UP  
BY STREET CAR STRIKE

Mexico City—Mexico City is with-  
out street car service Wednesday, the  
bakers are not working and the sus-  
pension of the light, power and wa-  
ter supply services was expected  
momentarily Wednesday morning as  
a result of a strike initiated by the  
street car men shortly after midnight.  
Elaborate precautions have been  
taken to prevent violence.

Head of St. Louis Brewing Co.  
Calls U. S. Biggest Boot-  
legger in World

LASKER DEFENDS BOARD  
Shipping Board Head Says  
Busch is Trying to Dis-  
credit Prohibition

By Associated Press  
St. Louis—A letter charging that  
the United States is "incomparably the  
biggest bootlegger in the world" writ-  
ten by August A. Busch, president of  
Anheuser Busch Inc., while enroute to  
Europe aboard the steamship George  
Washington, and which has been for-  
warded to President Harding, was  
made public here Wednesday, together  
with an accompanying letter by Adol-  
phus Busch, III, his son. A third  
letter by Anheuser Busch, Inc., ad-  
dressed to members of congress re-  
quests an investigation into the en-  
forcement department of the govern-  
ment in relation to the prohibition act.

# Brandt Might Lose His Franchise In Fox River Valley League

Directors of League Meeting in  
Fond du Lac Today to Con-  
sider Alleged Violation of  
Rules—Four Courses Pos-  
sible.

By Associated Press  
Oshkosh—President John F. Klu-  
win and secretary Noy of the Fox  
River Valley baseball league and  
Frank Steckbauer, manager of the  
Oshkosh club, are in Fond du Lac  
attending a meeting for consideration  
of the Menasha protest against the  
use by the Appleton club in last Sun-  
day's game of Cicotte and Risher,  
players outlawed as a result of the  
world series scandal. While Mr.  
Kluwin would not forecast what  
might happen at the meeting, he de-  
clared emphatically that neither he  
nor Secretary Noy had received or  
passed on any contracts entitling Ap-  
pleton to play those two men, not  
withstanding that the rules clearly  
state such contracts shall first be  
acted upon. It is therefore taken  
for granted that the Appleton man-  
ager violated an important rule. It  
was the general opinion here that one  
or more of four actions could be taken  
by the league officials—bar the out-  
laws from the league, fine the Apple-  
ton club, change the management of  
the Appleton club or take away the  
Appleton franchise.

August Brandt, owner of the local  
club, is in Fond du Lac attending the  
meeting. He intimated early in the  
week that he had permission from  
President Kluwin to use the Black  
 Sox players but that has been denied  
by league officials. It is rumored  
here that if the league directors de-  
cide that Brandt must give up his  
franchise a number of businessmen  
are ready to purchase his baseball  
property and put a team in the field.  
Sheboygan is anxious to get into the  
league and probably will put in a bid  
for the place if Brandt is ousted.

# MINERS READY TO MEET OPERATORS

By Associated Press  
Cincinnati—The miners are ready  
to meet the operators of the central  
competitive district on a substantial  
tonnage basis with a view to settling  
the nationwide strike, according to  
William Green, Secretary of the United  
Mine Workers of America.

It was explained however, that it  
would be necessary for operators join-  
ing in the conference to control enough  
coal production to warrant making any  
wage agreement they might reach  
with the miners a basis for pay  
throughout the central competitive  
field, which is the basing scale for all  
soft coal operating union mines.

## INTERNATIONAL YACHT CLUB TO BE ORGANIZED

By Associated Press  
Detroit—Organization of an inter-  
national yachting body, known as the  
Yachtmen's Association of America,  
and which plans to stage annually an  
international motor boat sweepstakes  
race at 150 miles, was announced here  
Wednesday. Garfield A. Wood,  
American power boat champion and  
holder of the Harmsworth trophy, is  
the president of the association. The  
membership includes many yachtsmen  
of this country and Canada.

## 50 MILLION GOLD MARKS WILL BE PAID GERMANS

Paris—The German government  
notified the reparations commission  
Wednesday that it would pay the  
regular monthly installment of fifty  
million gold marks Thursday, the date  
fixed for this payment.  
The commission, it was announced,  
will send another note to Germany  
Wednesday evening requesting fur-  
ther minor improvements in the budget  
and in the arrangements for financial  
reforms.

## WESTERN MAN ELECTED BANK ADVERTISING HEAD

Milwaukee—W. W. Douglas, of the  
Bank of Italy, San Francisco, was  
Wednesday elected president of the  
Financial Advertising Association at  
the Associated Advertising Clubs of  
the World convention. Carl A.  
Gode, Merchants Loan and Trust  
company, Chicago, was elected treas-  
urer.

## CHARGES IMPORTERS ARE MAKING EXCESS PROFITS

Washington—Charges that import-  
ers of foreign merchandise have ex-  
acted "millions of dollars annually in  
excess and unjustifiable profits" from  
the consumers of this country, chiefly  
women, were made Wednesday by  
Chairman McCumber of the senate fi-  
nance committee, in a formal state-  
ment dealing with the results of an  
investigation made by the treasury  
department and the committee.

# WILL GIVE REASON FOR FURTHER RAIL WAGE REDUCTIONS

Majority Members of Railroad  
Labor Board Met With Crit-  
icism on Other Cuts

By Associated Press  
Chicago—Majority members of the  
United States railroad labor board,  
who were severely criticized by minor-  
ity members as well as railway em-  
ployes for failing to set forth reason  
supporting the last wage reduction  
order have taken steps to prevent  
such criticism in their pending "re-  
view" which will lop off another \$40,000,000  
from the pay checks of 350,000 addi-  
tional workers.  
The decision is expected to meet  
with the same adverse criticism that  
former orders received, but the ma-  
jority members have seen to it that  
their opinion of railroad conditions  
will be amply explained.  
Announcement of the decision and  
accompanying opinion supporting it  
has been delayed pending preparation  
of a minority report by the labor  
members of the board.

## OSHKOSH WILL HAVE NEXT CONVENTION OF G. A. R.

By Associated Press  
Eau Claire—James S. Carley of  
Janesville, Wis., was elected depart-  
ment commander of the G. A. R.,  
Wisconsin department Wednesday at  
the fifty-eighth annual encampment  
here. Oshkosh was chosen as the  
next meeting place of this body and  
the allied orders.

## FORD WILL REDUCE COAL RATES ON HIS RAILROAD

By Associated Press  
Washington.—Proposals of Henry  
Ford to reduce coal rates on his rail-  
road, the Detroit, Toledo and Iron-  
ton railroad, which originally were sus-  
pended by the Interstate commerce  
commission were allowed to go into  
effect Wednesday under a final deci-  
sion of the commission.

## 3 MEN WILL TAKE PLACE OF LENINE DURING ABSENCE

By Associated Press  
Berlin.—The independent Socialist  
Freiheld declares Wednesday that a  
triumvirate will take the place of  
Premier Lenine of Soviet Russia dur-  
ing a six months absence from Mos-  
cow which his health will oblige him  
to take. The three men who will hold  
the reins, according to this newspaper  
are I. V. Stalin, Leo Kamenef and  
A. I. Rykoff.

## LASKER REPLIES

Washington—The shipping board  
holds that "neither the Volstead act  
nor the eighteenth amendment apply  
to American ships outside the three  
mile limit." Chairman Lasker de-  
clared Wednesday in a letter to Adol-  
phus Busch III, president of the  
Anheuser Busch brewing company of  
St. Louis. Confirming reports that al-  
coholic drinks were being served on  
American ships at sea Mr. Lasker as-  
serted that the shipping board had ap-  
proved this custom "both from the  
standpoint of legal right and from the  
standpoint of the life and security of  
our national merchant marine."

"The shipping board has permitted  
and will continue to permit the serv-  
ing of liquor on its ships," he contin-  
ues, "as long as foreign flag ships are  
allowed to enter and depart from our  
shores exercising that privilege."

While it was true, Mr. Lasker said,  
that an assistant attorney general "in  
the prior administration" had held that  
the prohibition laws were effective on  
American shipping wherever operat-  
ed, the present general counsel of the  
shipping board, his two assistants and  
the chairman himself were convinced  
that such an opinion was not soundly  
based and had approved the inclusion  
of wine lists as regular equipment of  
boats operated under the board's su-  
pervision, for use, however, only be-  
yond the jurisdictional coastal line.

"Your letter to the president and  
the letter from your father which you  
attached thereto have on their face  
been written entirely with a view to  
their effect on the public when pub-  
lished, and in an attempt to insure  
their publication

### 38 WILL FINISH EIGHTH GRADE AT ST. MARY SCHOOL

Children Will Present Program in Columbia Hall This Evening

A class of 38 children will graduate from St. Mary school on Friday. Presentation of diplomas will be made by Mrs. W. J. Fitzmaurice in St. Mary church at 7:30. A program will be presented by children of the school at Columbia hall at 8 o'clock Wednesday evening. An operetta, "When Betsy Ross Made Old Glory" by the first seven grades, and a sacred cantata, "Mary of Bethany" by the eighth grade will be the principal numbers of the program.

In the patriotic play, George Bald will be the Gen. George Washington. Francis Rooney will be Colonel Ross; Henry Schuetter, Robert Morris; Charles Nemacheck, Captain Anderson; Ruth Slattery, Martha Washington; Kathleen Conney, Betsy Ross. The assistants to Betsy Ross will be Marie Fountain, Bonnell Heinkel, Marie Hobbs, Margaret Heckle and Helen Bushy. The seventh grade girls will represent the colonies, the fifth, sixth and seventh grades will be the soldiers, the first and second grades, the children and the fourth grade, the Indians. The dances during the Colonial ball will be by children from three grades. The sixth grade will dance the Virginia reel, the fourth grade, the Military schottish and the third grade, the minuet.

The program to "Mary of Bethany" will be read by Doris Thompson and the scriptural readings by Helen Gilman. Doris Hoffman will be Mary. Dorothy Douglas will be Martha and Raymond Rankin, Lazarus. The choruses will include other members of the graduating class.

Those who will receive their diplomas are: Eunice Bloomer, John Burke, Helen Calmes, Dolores Catlin, Leona Courtis, Francis Crowe, Henry Crowe, Dorothy Douglas, Rosella Eisch, Edward Frieders, Helen Gilman, Raymond Goudeman, Rosalind Harbeck, Doris Hoffman, Florence Karis, James Korman, Frederick Lutz, Marguerite McDonough, Bernadette McGinnis, Claude McCabe, Clyde McCabe, Clair Miller, DeWayne Morneau, Margaret Murphy, Madeline Piette, Raymond Rankin, Joseph Reckner, Frances Roblee, Mildred Roller, Lewis Rollins, Margaret Rooney, Joseph Smith, Marie Tillman, Doris Thompson, Harriet Van Lieshout, Melvin Wingrove, George Uebelacker.

### PRIM LEAVES FOR WEST FOR BIG CONVENTION

George T. Prim, chief of police, left Wednesday morning for San Francisco, Calif., where he will attend the annual convention of the International Association of Police Chiefs. He probably will be gone for a week.

The gathering will be attended by about 1,000 officials from all parts of the United States and Canada. The program includes conferences on modern police work methods and scientific dealing with crime.

### Trade Council Meeting

The Appleton Trades and Labor council of Appleton will hold its regular semi-monthly meeting Wednesday evening in Trades and Labor Council hall for the transaction of routine and other business.

### Man Who 'Stole' Car Happened To Be Owner

F. H. Josslyn of Oshkosh took his own automobile from in front of the Sherman house Tuesday evening and kept the police searching the city and rural districts for about two hours as a result. Mrs. Josslyn had been using the car and left it standing at the hotel while she was inside. Friend husband decided he would like a little jaunt to enjoy the evening air, so without notifying his wife, drove away. When the woman sought her car it was gone, hence the appeal to the police to find it for her. The "stolen" machine came back when the excitement was running high, and of course the incident ended abruptly.

### STREET COMMITTEE OPENS BIDS FOR STEAM ROLLER

The street committee of the common council opened bids for a new steam roller at a meeting in the city hall Wednesday afternoon. The matter of providing a parking place for motor busses was discussed. At the conclusion of the session a trip was made about the city for the purpose of viewing the damage done by the storm. State-st, crossing where the North-western Railway Co. proposes to place a wigwag signal system, to which there is considerable opposition on the part of property owners, also was visited.

### CONTESTS TO ENLIVEN CONGREGATIONAL EVENT

Contests aplenty for both old and young have been planned by H. P. Buck, chairman, for the "turn out" of the First Congregational church at Allie park Thursday. There is to be some game or other event in progress right from 11 o'clock, when the picnic opens.

Things are to move lively under a committee plan whereby each detail will be cared for by one of 11 groups. A large number of prizes will be distributed to winners of the games and races.

### NOTICE

Sealed bids will be received by the undersigned Clerk of the Town of Vandenberg, for the widening of a Public Road, by filling with ground in Road District No. 3 in said town, near the residence of Mrs. Philip Diederich, said work to be performed according to plans and specifications now on file with John Diederich, chairman of said town, and also in the office of the undersigned, at which places they can be looked over and examined.

Said bids must be in the hands of the Town Clerk no later than June 10th, 1922 at noon, and they must be accompanied by a certified check to the amount of 10% of the bid, made out in favor of said Town of Vandenberg.

Said sealed bids will be opened at a public meeting of the Town Board at the office of the Town Clerk on June 10th, 1922 at 2:00 o'clock P. M. at which meeting said public work as above described, will be let to the lowest responsible bidder.

Dated this 6th day of June, A. D. 1922.

### INVITE ELKS TO HEAR BOY CHOIR

Outing at Waverly Beach is Planned for Singers When They Arrive Thursday

Invitations have been issued to all members of Elk lodge and their friends to attend the concert to be given by Logansport, Ind. boys' choir in Elk hall. The youthful singers will present a 1-hour program. No admission will be charged.

A reception committee appointed by the lodge will meet the choir members when they arrive here during the day Thursday from Kenosha. They will be escorted to Waverly beach for an outing and swim during the afternoon. Their next engagement will be in Green Bay.

These concerts under direction of Charles D. Chase are being given while the boys are on their way to Lake Noyahbay for a vacation in camp. Elks lodges of many cities are arranging programs with a 2-day stop in Chicago. They will be housed for the night here Thursday with members of the lodge.

### MEET TODAY TO DECIDE STREET OPENING DAMAGES

Commissioners Daniel J. Ryan, county chairman, Daniel Steinberg and R. E. Carnross, who were appointed by Judge Edgar V. Werner, to fix the compensation on property condemned for opening Lafayette-st., will hold a meeting Wednesday afternoon at the courthouse to take action on the matter. The court previously ordered that portion of Lafayette-st. between Locust and Richmond-sts. to be opened for traffic.

### "CLARION" ONE OF BEST ISSUED BY HIGH SCHOOL

Monday afternoon was the last time when students of Appleton high school could procure their Clarion annuals. Because the book was delayed in going to the printer, it was not ready for distribution until after the close of the school year. The year books were given out on Friday and Monday.

According to reports, the annual is the largest and best ever printed. Considerable credit is being given by the students to Frank Jones, its editor and Royall LaRose, its business manager. Special attention was given to the athletic section and the humor section given over to the "dumb bolls" was unusually well done. This is the twenty-third year of the high school magazine and its ninth annual.

Do you remember when it came to you? The sweet anguish of it? The pride of it? The secret of it? And the courage of it that made you strong enough to defy the whole world?

When First Love comes, it speaks only to the heart. When First Love comes reason flies out of the window.

And so when First Love came to Katherine O'Donnell, it was like a great tidal wave which swept her from young girlhood into womanhood, overwhelmed mother love, home ties, friendship's warnings, and dashed her upon the shores of tragedy.

### TUNISON HONORED AT AD CLUB MEETING

H. E. Tunison, advertising manager for the Pettibone-Peabody Co., was nominated as a national director of the Associated Advertising Club of the World in the big convention in Milwaukee on Tuesday. Nomination, it is said, is equivalent to election.

The Pettibone store was selected as the representative store among the smaller cities of the United States. It is said there are 33,000 stores in the small cities and the local institution was picked as the representative of them all.

Quite a number of Appleton men attended the convention and created a sensation with their navel costumes. More men left Wednesday morning for the big meetings.

### COULD TALK A WHOLE DAY AND NOT TELL HALF

Deep Expression of Praise For the Way Tanlac Overcame Her Stomach Trouble is Voiced By Mrs. Mary Pegler.

"The world certainly owes much to the man who made this grand medicine, Tanlac," declared Mrs. Mary Pegler, 1297 Third-Ave., Milwaukee. "For two years I had stomach trouble and suffered agonies from indigestion. After a meal my heart would beat as if it was trying to jump out of my body and I also had awful smothering spells. My nerves were all upset, too, and I got little rest day or night. I wasted away until I was little more than a shadow and began to think I was not long for this world."

"Then I began taking Tanlac and it certainly was a joyful surprise to me. My indigestion is gone now, my appetite is fine, nerves steady and I am full of energy. I could talk all day and not say half of what I would like to about Tanlac."

### THE STAGE

"First Love", the Sonya Levein story which has been pictured with Constance Binney in the stellar role, and will be shown for three days starting Thursday at Fischer's Appleton theatre, is the story of an ordinary working girl, and the production is said to be quite devoid of sumptuous settings and great spectacular effects so common in modern pictures. Yet its very simplicity and realism will make it stand out as one of the season's biggest pictures.

"The story of the modern working girl has so much of real drama," said Elmer Harris, supervising director of Realart studio, "that I was very glad when such a story came to hand for the use of Miss Constance Binney as her first west coast starring vehicle."

"The roll of little Kathleen O'Donnell fits her to a T. She has a quarrel with her parents over a man she's 'going with'—and has a most unhappy time on a romantic side-track before she finally gets over on the main line of real love."

"The story is an interesting cross-section of real life as it is lived today by thousands of people. The star's role is one of the best Miss Binney has ever done."

Round two of "The Leather Pushers" the ever popular H. C. Witwer stories that ran in the Saturday Evening Post will augment the show.

# FIRST JAUNT OF SWINE BREEDERS OCCURS SATURDAY

Duroc-Jersey Breeders and Families Will Make Excursion to Fond du Lac-co.

The first excursion ever conducted by swine breeders in this county will occur Saturday when members of Outagamie County Duroc-Jersey Breeders association and other red hog enthusiasts will go to Fond du Lac-co. to attend the annual meeting of the Wisconsin Duroc Jersey Breeders association.

Automobiles making the trip are to be assembled at 9 o'clock in the morning at the First National bank corner, Appleton, and they will go in a group to the Fred Rueping farm, near Fond du Lac, where the gathering is to be held. Notices are being sent out by county association officers in order that there may be a large local delegation.

A letter received from Fond du Lac-co. association to officials here says Fond du Lac is sparing nothing in order to make the day profitable and enjoyable for the visitors. They look for a big delegation from this county. Each family is to bring its own lunch.

Roads all the way to Fond du Lac and the Rueping farm are reported excellent. The modern farm facilities and the noted livestock at the Rueping farm will be inspected on the trip.

**STORM DESTROYED ROAD PATROL WORK**

Much of the patrol work on county highways this spring has been made useless by the heavy rains of the last few days and will have to be done over again. Road washouts occurred in many sections of the county. A number of culverts also were put out of commission, but some of these occurred on this year's highway projects and would have been replaced this year by larger ones. These washouts were on the Greenville-Stephensville project and were not considered actual damage.

The fill at the concrete arch bridge spanning Mud Creek is practically gone, although the bridge is still intact. The flood, however, rose as high as the railing of the bridge, washed away the clay filling and piled it on a fence. Some of the concrete pavement here has been undermined.

Miss Alma Bartman returned from a visit of several days in Walthill, Neb.

# Takes Mission Post In Place Of Another

Five years' service in India as a missionary is the work chosen by one of the graduates of Lawrence college, Miss Pearl Hughes. She will leave in the fall for North India under authorization of the missionary board of the Methodist denomination.

Miss Hughes, in addition to her college work, has been secretary of the First Congregational church, and gave up her position at graduation this month. She will be succeeded by Miss Marie Cahill.

This young woman in reality fills the place of another who had an ambition to be a missionary but was prevented because of ill health. The latter was Miss Alice Rice, a graduate of Ripon college. The two women met at Racine, where they were in Y. W. C. A. work. Miss Rice was so zealous in her interest in missions that she inspired Miss Hughes to acquire a higher education and apply for a mission station.

# OSHKOSH HOSPITAL IS BEING ENLARGED

Contracts have been let for \$200,000 additions to Mercy hospital in Oshkosh. Only those additions which are considered positively necessary at this time are being made and a campaign for more building funds will be conducted by the Sisters of the Storowful Mother later. Two new structures to the west of the hospital and a basement enlargement to the north of the hospital will be made.

The basement addition will be used for communication between the hospital and the boiler houses and will serve as the foundation for an addition in which patients will be cared for later. Another passageway is being constructed, the first to be used as a laundry and the second for nurses' quarters. The other addition will contain new quarters for the sisters, the hospital serving room and the chapel.

# STATE BACKS UP FARMERS IF THEY SLAY STRAY DOGS

Owners of Cattle Worried by Dogs May Collect Damages from Town Board

A recent murder by farmers in the southwest part of Grand Chute of several stray dogs which are said to have worried their cattle, A. B. Alexander of Madison, who has charge of dog licenses in Wisconsin, comes to the fore with an announcement not only sustaining the farmers for killing dogs that attack their cattle but also reminding them that they can collect damages from their town board.

Mr. Alexander quotes from the state dog laws of 1921, chapter 438, section 1628: "Any dog unaccompanied

by its owner or keeper which enters the fields, pasture, meadow or farm enclosure of another shall constitute a nuisance and the owner or tenant of such field may seize, impound or restrain such dog without liability or responsibility. Any person may kill a dog, whether licensed or unlicensed, if found killing or worrying any domestic animal."

The owner of a domestic animal attacked by a dog may within 10 days after learning of the attack file a written claim for damages with the clerk of the town, village or city where the damage occurred. Mr. Alexander states on the basis of section 1629. The town or village board or common council investigates the claim, fixes the damages and awards the claimant 80 per cent indemnity or 100 per cent where the owner of the dog is known. The board may recover the amount from the dog owner. The amount of damages allowed is not to exceed \$100 on horses or cattle, \$30 on sheep or swine, or \$3 on each fowl.

Mrs. Christian Goetz has returned from Milwaukee, where she attended the funeral of a relative.

# Why Standard Oil Company (Indiana) Gives Better Service

WHEN you drive up to a Standard Oil Company (Indiana) Service Station you find a man in charge who is competent, quick, agreeable—at your service. The farmer finds these same qualities in the man who drives the dark green tank wagon to his door.

If you were to enter any one of the refineries of the Standard Oil Company (Indiana) you would be astonished to note the air of absorption with which each employee is devoting himself to his job.

The same interest may be observed at any point where you come in contact with employees of this Company. This condition is not a matter of mere happening—chance. It is because the Standard Oil Company (Indiana) recognizes the fundamental interest of labor in the business to which it is devoted.

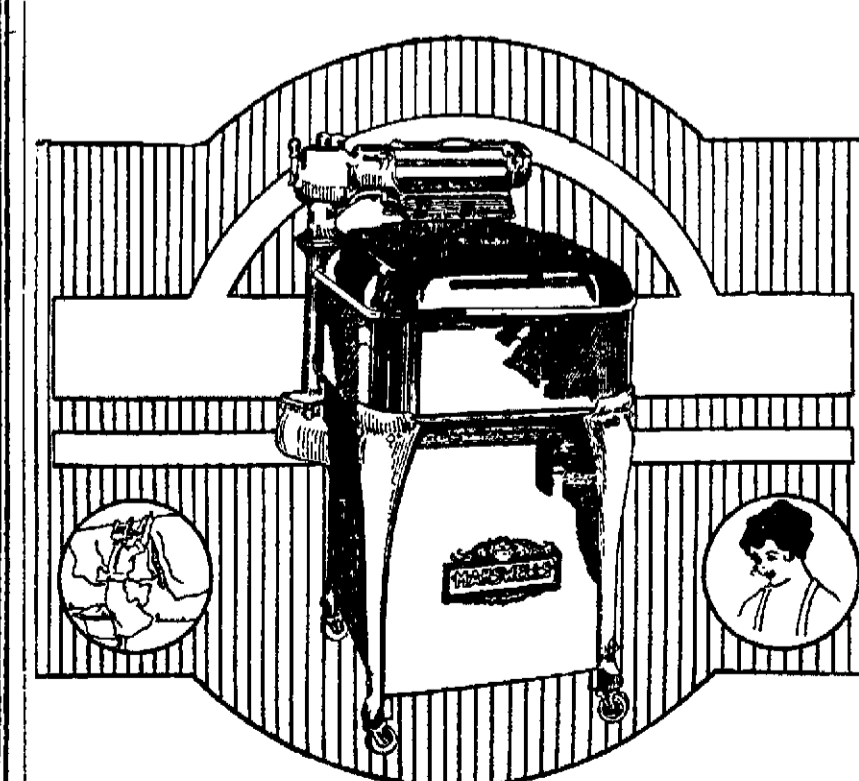

Throughout the years, it has been the continued policy of this Company, to compensate its employees fairly; to give them steady work; to insure them so far as it is possible against unemployment.

To protect the employee who has grown old in the service, the Company has devised and put in effect an annuity plan whereby the employee who has given his best years, or who has become incapacitated in the service, is insured an income for the balance of his life. In no case is this annuity less than \$300.00 a year and it may be as high as 75 percent of his average yearly wage for the 10 years preceding retirement.

This policy gives the employee a sense of security respecting his future. It enables him to do better work and gives him a more vivid interest in his work.

Long experience has convinced the management, the employee, and the stockholder of the Standard Oil Company (Indiana) that this policy of recognizing the rights of the employee is one of the factors which enables this Company to give to the public a superlative grade of service in the manufacturing and distributing of petroleum products.

## Serve First Supper In New Country Club

The first supper to be served in the new clubhouse of the Riverview Country club has been planned for Saturday evening. A large percentage of the members have arranged for reservations for this informal opening. The date of the formal opening has not yet been set, but probably will be as soon as the clubhouse has been entirely completed.

## PARTIES

Mr. and Mrs. Arthur Kreuger entertained friends on Monday evening in honor of their fifth wedding anniversary. The evening was spent in playing games and music. There were 30 guests.

## MISS SPECHT IS BRIDE AT WEDDING

Pretty Ceremony Takes Place in Reformed Church Tuesday Afternoon

Kaukauna.—A pretty wedding took place at 2 o'clock Tuesday afternoon in Reformed church when Miss Emma Specht, daughter of Mr. and Mrs. Charles Specht, became the bride of Norman E. Gerhart, son of Mr. and Mrs. John Gerhart, the Rev. E. L. Worthman, officiating. The couple was attended by Miss Olive Gerhart, Wilfred Brown, Miss Hilda Rustow and Herbert Specht. Little Dorothy Gehr was flower girl.

The bride was attired in a gown of white satin crepe with a veil of embroidered tulle lace and carried a bridal bouquet of roses and snapdragons. Miss Gerhart was dressed in pink and carried a shower bouquet of tea roses and carnations. Miss Rustow wore a dress of honey dew crepe du chine and carried yellow roses and carnations.

The church was elaborately decorated in pink and green flowers and vines. The couple stood during the ceremony under a bridal arch of roses and white wedding bells. Miss Esther Mau, organist, played the Lohengrin, bridal march, Mendelssohn's wedding march and incidental music.

A reception for friends and relatives was held at the home of the bride's parents, Mr. and Mrs. Charles Specht. A wedding dinner was served at 4 o'clock to 50 guests. Mr. and Mrs. Gerhart left on a four day wedding trip to Milwaukee and Manitowoc and upon their return will reside in a flat on Fourth st.

Out of town guests included Mr. and Mrs. John Ruter and sons, John, Jr., and Earl, San Diego, Calif.; Ervin Rummel, Wrightstown; Herbert Specht, Milwaukee.

## Social Items

Kaukauna.—Instead of postponing until next year the proposed picnic of the Christian Endeavor society of Reformed church, it has been decided to hold the event Wednesday evening at Schermitzler's bungalow. The committee in charge has been notifying members of the society of their plans. The evening will be spent in games and contests and a picnic supper will be served.

An important meeting of Electric City chapter, Order of DeMolay, will be held at 7:30 Thursday evening in Masonic hall. Work in the initiatory degree will be exemplified. Invitations have been mailed to members of the advisory council and a number of visitors are expected. Plans for a program for the summer months will be taken up.

Rose Rebekah Lodge will hold a meeting and auction sale of articles presented to the order by members next Tuesday in Odd Fellow hall. The mid-year election of the Odd Fellows was held last Thursday. Charles Winge was elected noble grand and Herman Meyers was elected vice grand.

## FURS AND MYSTERY

By A. Carstensen  
Appleton's Exclusive Furrer

The Stone Marten substitutes are opossum and raccoon. Unfortunately, indeed, is the purchaser who pays the price of stone marten and is given a substitute, for genuine stone marten is one of the costliest and most durable of furs.

The skins must all be imported either from Europe, Asia or India. Those coming from Turkey, Bosnia, Hungary and Greece being the most beautiful, while in Russia, Germany, Greece, Turkey and Asia Minor they are caught in greatest numbers.

Though resembling the common weasel in contour and action, they are brown in color and are sometimes called the white-throated marten because of the marking on that portion of the animal.

Another species of this little carnivorous animal is the pine marten, a native of that part of North America where the pine trees grow over large areas, as it is in those trees that it obtains its chief source of food of birds, birds' eggs and squirrels.

The color of the American marten is also of a deep brown shade, almost black in some cases, though some specimens are quite light with yellowish tinted throat and breast.

While ordinary somewhat higher prices are paid for the darker shades, yet many people prefer the fur of the lighter hue; and it is but a matter of choice.

The handsome color and beauty of fur of the marten caught in the regions of the Hudson's Bay so closely resembles sable that it is often sold as Hudson Bay Sable, but you will find that the reliable furrer will apprise you of this fact when you are shopping for fur apparel.

### Lydia E. Pinkham's Vegetable Compound a Marvelous Help

West Orange, N. J.—"I was very nervous and upset for six months before my baby was born. One of my friends told me to take Lydia E. Pinkham's Vegetable Compound and I have taken it for five months now. I have a big boy who weighed almost nine pounds at birth and I do all my housework and don't feel a bit nervous or upset any more. I still take your medicine and have told all my friends what good it has done me."—Mrs. MARGARET GREGORY, 440 Valley Road, West Orange, N. J.

Chicago, Ill.—"I recommend Lydia E. Pinkham's Vegetable Compound for all prospective mothers. I suffered from weakness and faint spells and had to lie down twice a day for an hour or so before I could go on with my work. My cousin, who lives in Wisconsin, has used your Vegetable Compound for over five years and she came to us for a visit and she recommended it to me, saying she would pay for the bottle if it did not help me. I took that bottle and got more, as I found it gave me great relief. I recommend it to my friends and sisters and am willing for you to use these facts to help others."—Mrs. I. J. KUBINSKI, 1813 W. 17th St., Chicago, Illinois.

Lydia E. Pinkham's Vegetable Compound should be taken by expectant mothers. It will assist them in keeping well and strong. This is necessary not only for their own comfort but for the future as well. It helped these women. It has helped many others.

Nervous and Run-Down  
Biloxi, Miss.—"Just a word of praise of Lydia E. Pinkham's Vegetable Compound. I took it with wonderful results before my baby was born. I was so nervous and run-down that I was a wreck of misery. I had pains in my sides and back so bad that I could not stay still or sleep nights. My husband was reading

## "POSITIVELY THE BEST REMEDY I EVER USED," SAYS LOCAL LADY

Wife Of Eagle Manufacturing Co. Employee Declares Trutona Has Relieved Her of Inactive Liver, Stomach Troubles and Dizziness in Astonishing Manner — Feels 100 Per Cent Better Now

"Trutona's positively the best medicine I have ever taken," was the enthusiastic and grateful assertion with which Mrs. Williams Durdell, 868 Union-st., Appleton, wife of an employee of the Eagle Manufacturing Co., greeted the Trutona Expert who called on her a few days ago.

"My liver had been out of shape for a number of years," she continued. "My stomach had bothered me for about the same time, too. From these combined troubles I had gotten in terrible condition. I suffered almost constantly from distressing dizzy spells and it seemed that my stomach just wouldn't retain the food I ate. Shortly after meals I'd become sick and would often gag and vomit. My appetite was poor and I always had such a bad taste in my mouth.

"But this medicine Trutona has already given me wonderful relief—so much in fact that I feel fully 100 per cent better now. My appetite has been restored to 'full blast' and I don't become sick at my stomach after eating any more. I certainly do enjoy my meals nowadays. I'll tell you. I don't suffer the dizzy spells, either, since taking Trutona, which has regulated my liver and my former constipation has actually disappeared as if by magic. It certainly is great relief to be rid of that dreadful laxative habit which I formerly had. It is because of all this relief that I'm glad to publicly recommend Trutona."

Hundreds of well-known and respected Appleton people are now taking Trutona and publicly endorsing this famous tonic as a most extraordinary treatment for stomach, liver, kidney, bowel and blood troubles and

# Rotary Athletes Too Heavy And Fast For Lions In Field Meet

Cubs Lose First Annual Field and Track Meet at High Cliff Tuesday—Lot of Cripples in Appleton Today.

There are a lot of men in Appleton today who are walking with a decided list to starboard; their knees refuse to bend, their backs are tired, their muscles ache, and they are sore all over. Some of these men are able to smile in spite of these afflictions while others are finding the going pretty rough. Those who are smiling through their pains may be safely tabulated as Rotarians and the rest of the crippled crew will answer to the call of the Lions. The cubs, out numbered and outweighed, were unable to make good their boast that Rotarians would be duck soup for them and lost the first annual field, track and athletic meet between the two clubs at High Cliff Wednesday afternoon, 44 to 40. The Lions won the track and field events, 80 to 29, but lost the baseball game and the tug of war. The Lions also won the volleyball game which ended the festivities. The Rotarians will hold the cup offered to the winner for one year.

**BIG DELEGATION**  
Between sixty and eighty men from the two clubs arrived at High Cliff

about 5 o'clock and the program was started at once. "Cub" Buck, about half of the show for the Rotarians, and Russell Starkey, with a few other fellows, went to the park a little earlier to get things ready and when the big delegation arrived the program was started promptly.

The first event was a relay hurdle race in which six Lions and six Rotarians took part. It was a pretty good race until W. S. "Spike" Ford stumbled and fell and after that the Lions had a walkaway.

Absolutely disregarding the danger of loosening the rocks of High Cliff, the committees in charge of the party insisted in lining up all the men over 200 pounds in a 50 yard race. It was some race. Cub Buck, who resembled the front end of a locomotive steamed over the finishing mark about one shirt button ahead of W. E. Smith who was running as gracefully as a gazelle, with his belt buckle about 15 inches ahead of his hat when he crossed the mark. Walter Miller, just over the 200 pound mark, panted over for third place and Walter Joyce body had walked away Louis Bonini reached the finish mark with Charlie Emder about two steps ahead of him.

That was glory enough for Charlie and he spent the rest of the afternoon telling the folks how he cleaned up Louis Bonini.

**LIONS COP ANOTHER**

Loss of a leg didn't mean much to the Lions and they copped first and fourth places in the three-legged Ellisworth and Lazzar were paired in the winning team, while

Ford and Marston went over together for second place. The shot put also was easy money for the Lions. Mark Catlin heaved the lead about 42 feet and the Rotarians couldn't overcome the big advantage. Buck, who was counted on to win the event for his cub, heaved the weight about 15 feet. He said it slipped out of his hand. Louis Lazzar, who weighs about as much as Cub's arm, tossed the pebble about 30 feet.

The Lion's didn't look so good in the leap frog relay and were thoroughly beat. "Cam" Camenson insisted on getting mixed up in this event while the Rotarians went through in good style. The race was run twice because some of the Lions didn't know how the trick was done in the first attempt, but they got bent worse in the second race than in the first.

A few of the fellows, especially Ernest Morse, got pretty badly scratched up in the wheelbarrow race which was won by Walt and Earl Tippet. They were about one short breath ahead of Shannon and White of the Lions. Buck and Bab-

cock made one team and when Cub fell on Babcock it looked like curtains for the latter but he came up smiling. Morse wasn't so lucky. Ellisworth fell over him and Morse went down on his face, scratching it badly.

**DIDN'T GET STARTED**

Walt Tippet copped the fifty yard dash, with Bud Fisher second. Mark Catlin and Earl Tippet were entered in the same race but they didn't get started when Starter Ashe fired the gun and therefore they didn't cut a figure.

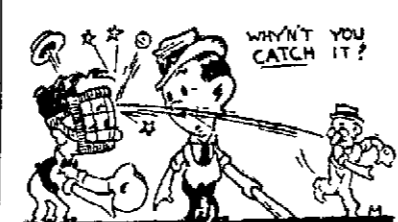

The baseball game was a slaughter. Lothar Graef pitched for the Rotarians and he had the Lions eating out

of his hand. Lazzar started on the mound for the Cubs but he was yanked in favor of Catlin when he couldn't find the plate. Catlin later was retired to give Starkey a chance. Ellisworth caught for the Lions while Packard was behind the log when the Rotarians had their "outs." After the battle it was said the score was 7 to 2.

**HOW THEY DID EAT**

The eats was the most exciting feature of the afternoon. No one would believe it was possible for some of the Rotarians to put away the amount of fodder which they took from the mess table. Every man helped himself and they did a good job of it. The Lions furnished the eats. A. F. Tuttle called for four pieces of pie, declaring three of them were for friends. A lot of doubtful glances followed him when he returned to his place at the edge of the cliff. A lot of other fellows came back after that for pie for their "friends." Potato salad, hot dogs, onions, hamburger, rolls, pickles, pie and ice cream was the menu.

Lions found fault with the arrangement whereby the tug of war was held after supper. They believed it enough of a job to pull about seven tons of Rotarians when their stomachs were empty. After they had loaded up with a couple of hundred pounds of potato salad and weiners the poor cubs never had a chance and they

lost the tug in two straight pulls. Doc Kingsman, rotary president, admitted, however, that the cubs gave them a regular battle.

The volley ball game, which ended the fireworks, was a hard fought battle, the Lions taking the first and third games and the Rotarians the second. The Rotators put up a holier when they had to change goals for the last game because they were playing with their backs to a building which made it almost impossible for the opposition to see the ball. The Lions took the goal, however, and copped the game.

It was too late and too dark to distribute the individual prizes after the games and that part of the program has been deferred to a later date.

## GOLLMAR CIRCUS TO BE HERE JUNE 27

The elephants are coming! A big yellow car rolled into the Northwestern depot Tuesday night. Abroad were thirty billposters, banners and advertising agents of Gollmar Bros. Circus.

The mere announcement that the big show is coming has caused small boys to become active, performing all sorts of stunts with an alacrity that stands in vivid contrast to their demeanor before the first signs of the circus appeared. And likewise quite a large number of uncles and aunts are looking about, taking up acquaintances among their nephews and nieces. They are saying that they will probably "have to go and carry the children to see the animals." But deep down in their hearts they know they would not miss the circus if there was not a child within a thousand miles of here on circus day.

Sixteen separate tents are necessary to accommodate the Gollmar Bros. Circus, and they are so large that they cover a small size farm. There is more novelties than ever before. One family, the Famous Morales Family, own their own show in Mexico. They give the entire performance themselves in that country, while here they are merely one of the features. The "baby zoo" is another feature. There will be a street parade and the circus is one that will surely entertain the youngsters of six and sixty.

Gollmar Bros. Circus will exhibit in Appleton on Tuesday, June 27.

## ROADS ARE SPLENDID IN NORTHERN PART OF STATE

In discussing the condition of highways in the northern part of the state, A. J. Ingold, who with H. C. Humphrey, has returned from an automobile trip to his cottage at Lake Enterprize said they were good practically the entire distance. The road between Appleton and Shawano is particularly fine and it is in much the same condition between Shawano, Antigo and Elcho. Farmers were improving the highway the greater part of the way with gravel.

The professor was eager to assist them in every way as far as they chose to take him into their confidence. Garrick had met him many times at the Club and Dick and Vario had had much in common in their work. He seemed particularly interested in keeping Ruth out of further harm and very sympathetic toward Mrs. Walden in her trouble.

However, Garrick did not propose to discuss much with even Vario and on the way he and Dick fell into discussion of their hobby, especially on Vario's lecture on his new wave meter.

"So many amateurs," explained Vario, "have difficulty in finding the wave length of the broadcasting stations that I have concluded that some simple method of tuning and calibrating the set would clear things up, especially for those who are some distance away from the sending stations. They have weak signals to begin with and must listen in on very nearly the proper tune if they are to get any signals at all."

"I see," nodded Dick. "For that purpose a wave meter is needed. It's to the radio what a pitch pipe is to a piano tuner."

"Yes. Mine is simply a calibrated, oscillating circuit and is one of the simplest circuits to build." The professor launched into a description of his small coil, variable condenser, valve meter phones, and general hook-up.

In town Garrick called up Nita Walden at her apartments on Park Avenue. She had got ahead of anyone else and had had Ruth's car towed to a garage. They stopped there a moment and Professor Vario's solicitude for Mrs. Walden seemed to offer Garrick the opportunity to get rid of him, for they certainly did not want any strangers about in what they were going to do.

"But the show," remonstrated Mrs. Walden as Vario offered to stay and do anything he could to relieve her anxiety.

"I'll telephone them that I'm delayed. They can postpone my stunt until later in the evening," the instant. "And Mrs. Walden, don't you worry when you have two such good friends as Garrick and Dick helping. You should have seen the way they settled the porch crowd—and you can count on me as a third. I may be the last but I hope not the least where Miss Ruth's welfare is concerned."

"I really appreciate your kindness deeply—but of course, I want my little girl. I can't think of anything else. I can't talk over the telephone, right? I can't read; I am just incapacitated until Ruth gets back to me."

"Dick, I'll stay with Mrs. Walden for a little while, if I may. I know she needs some help. If you want me later I'll be at the Radio Show."

Garrick thanked him, then leaned over Nita Walden. "We'll have some word tonight—sure. By tomorrow you'll have her back safe."

Outside he found McKay and delivered Mrs. Walden's instructions. "You are to take Professor Vario down to the Armory to the Radio Show; then you may put the car up." Garrick had been thinking out a plan for the installing of the dictagraph. Up the street from the Inner Circle were two houses turned into studio apartments. He found the caretaker and the conversation was lucrative to hear.

Dick selected and carried up to the roof the apparatus and they went as silently as possible across the intervening roofs until they came to the roof of the Inner Circle.

It was a curious roof. In the center had been built a great concrete box as big as the room. There was no time to investigate that, however.

Garrick fished with a line down the chimney, by sounding, until he located the flue to the Pink Room. Then dangling down, he lowered the dictagraph transmitter until it must have hung a foot from the floor of the hearth back of the iron grill under the mantel below in the Pink Room.

Meanwhile, on the roof, Dick had been busy placing his sending set and Garrick helped him complete the set-up.

As they left the studio house, two men were passing. One of them brushed suspiciously against Dick with enough force to knock the bag he was carrying out of his hand. Garrick controlled his temper. Here were the mysterious shadowers again. Were they emissaries of the gods?

Garrick picked up the bag himself, looked significantly at the man, and remarked, "Well, see? Nothing dripping."

As they had been at work on the roof, they had determined on placing the receiving end up at Garrick's apartment which was only several blocks up town.

At Bachors' Hall Dick worked rapidly, for it was now getting dark in spite of the length of the days. He unpacked the receiving end of his wireless dictagraph in the room, then went up on the roof and erected the portable aerial.

Carefully and deftly he began to tune up, now that the second installation was complete. It was rather difficult to get the fine adjustment, but at last he got the right wave length.

He looked up at Garrick smiled, and took the headgear off, then exclaimed, "Why, I can hear the whirr of a vacuum cleaner in the room!"

Dick smiled proudly. "I think I've made the transmitter about as sensitive a microphone as can be made. I only hope it isn't so sensitive that it picks up through the wall what happens in the house next door."

They listened in for several minutes but there was nothing there yet. Whoever was cleaning the room finished and left.

Garrick quickened his steps. It was now or never to get let in on the mystery.

As he turned in at the gate the man at the door heard him, looking quickly as if expecting him, then catching a better look uttered an oath and swung on him.

Garrick parried and countered. The man went sprawling backward on the bit of turf of the little front yard.

At that moment Garrick heard the clatter of feet from across the street and around the motor. But before he could turn, the other man was on him, bearing him down with the momentum of the rush. He was a husky but Garrick felt he could outwrestle him.

The fellow sprawling on the turf swore again as he crouched up on his hands and knees, waiting to get a hold.

Two were more than Garrick could handle as legs and arms and heads cut the turf, getting ever nearer the sharp pickets of the fence.

# SO THIS IS WHY WOMEN SWELTER IN SUMMER FURS

Clever Furrier Induces Madame to Invest to "Hide That Unwelcome Line"

BY MARIAN HALE

"Furs are worn in midsummer purely for personal adornment. This is unnatural, wrong and should be stopped," says Dr. Henry Fairchild Osborne of the Museum of Natural History, New York.

"The fad is causing the best mammalian life to disappear. Legitimate use of furs for protection from cold has passed. Furs are a fashion now, just as feathers 30 years ago."

One of the most enthusiastic supporters of Dr. Osborne's beliefs is Minnie Madden Fiske.

Mrs. Fiske never wears furs, on the stage or off.

"They are not necessary," she contends. "In the coldest parts of Canada I have always been able to keep warm with sweaters, cloth and jersey garments."

The summer fur is one of the feminine inconsistencies that always baffled the masculine mind.

Men associate fur with warmth and imagine a woman wears a fur to keep warm. Of course, she doesn't. Not even in the winter.

As the furrier explained: "The line of madame's neck—it is very bad."

And madame knows it. She knows she has to be more beautifully built than most of us if she can permit her neck to emerge boldly and fearlessly from her coat collar or the low-cut line of her frock.

She needs something to soften the line and make a frame for her face. The fur does that.

Then, too, the shoulders have a way of being uneven or poorly matched, or too broad or too narrow. A well-manipulated fur conceals this.

Even in winter, women do not wear furs for warmth, but for beauty. That is why a woman may be bundled in thousands of dollars worth of pelts, and wear the thinnest of silk hosiery and satin slippers.

More than anything else a woman can invest in, furs look their value.

If a woman is wearing a chinchilla or sable cloak, every other woman who sees her knows several thousand dollars were expended on her. For a sable neckpiece, composed of two skins, sometimes a woman pays more than \$2000. For her silver fox she may have spent any amount up to \$1200.

A good natural blue fox fur costs from \$150 to \$500.

But the money shows. It shows more than it possibly could in diamonds, pearls or lace. A woman's furs are a better indication of her husband's financial rating than his bank statement.

And they do, conceal that line every woman fears!

LEARN A WORD EVERY DAY

Today's word is PERENNIAL.

It's pronounced — per-en-ee-ah, with accent on the second syllable.

It means—lasting or continuing through the years, perpetual, unceasing, uninterrupted.

It comes from Latin "per," thru, and "annus," a year.

It's used like this—"Prohibition enforcement officers say they have some hope of minimizing liquor smuggling into the country but that the supply of domestic moonshine promises to be perennial."

C. C. WAYLAND WILL SPEND SUMMER HERE

C. C. Wayland of Pasadena, Calif., a pioneer merchant of Appleton is visiting his daughter, Mrs. May W. Kuchmsted, 586 Lawrence. He arrived Saturday and will spend the summer here. His daughter, Miss Lillian Wayland will arrive later in the summer and will accompany him home.

Because of the heavy rainfall last winter crops in that part of the country never looked better. Mr. Wayland said. The precipitation last winter was more than 30 inches, while the previous winter it was only 14 inches. Except in some of the larger cities practically all the people are employed.

Why Flappers Fail

(1) Their Chances for Career

By Agnes Dohoney

"She wants a career."

That's the remark one most frequently hears regarding the flapper. Possibly she does! But can she achieve it?

Here again enters the question of sincerity.

A "career" most generally refers to the arts—painting, writing, music, poetry or drama. To do any of these well, it is conceded, there can be little of the superficial in the creator. It is not the work of a butterfly. It involves great originality, creative ability, persistence, application, ideas and ideals. The mere ability to turn a smart phrase is not sufficient.

And if we have had the characteristics of the flapper properly presented to us, we see the flapper in the

light of one who is far more likely to be merely hanging on the edge of the accomplishments than as one who is accomplishing. She will undoubtedly try to force herself upon people who do things and to boast of being in their group. But will she be doing anything for herself? Does she not merely accept something as "the thing to do?"

If she does not put her life into the task, how can she have a "career?" And so again she fails.

OUR FIRST YEAR

Chapter 60—Boonie Takes Night Stroll

By a Bride

Our motor tour of New England was like that of thousands of auto-

ists. Our party was exactly as Mr. Tearle had outlined it: Mary and Andy Smith, Bart and Bonny, Jeanne, Jack and I. All the men liked to drive, so we had but one chauffeur, a man qualified to look after the cars.

One of the cars was the new "Tyrone" Mr. Tearle had promised to give me if his little plot succeeded. It was a marvelous car. I used to ride along proudly pretending I owned it.

All the time I knew positively it was no use to tell Jack about my dream. He'd never let me accept it.

All went well at the start. Even my tweed suit was smarter than Bonny's. She knew it, and loved it as well as my close hat of Paisley crepe. It was stunning and awfully expensive, but not as becoming to me as to Bonny.

The girl had the school-girl hobby for "swappy dresses," and her pet habit made serious trouble for me the first time we stopped at a hotel.

Because there was a jam of tour-

ists we girls had two rooms, while our men were obliged to bunk in one room. We retired early to be ready for a fair start the following morning.

Bonny, of course, had to try on my new suit. It fitted her perfectly. Then she donned my Paisley hat and without a word of explanation stalked out of the room.

I felt desperately cross because I was lonesome. It was my first night apart from Jack since our marriage, and I hoped to undress, I discovered my precious pearl beads had disappeared. I knew I had put them on in the morning.

I tried to phone Jack to go down to the garage to see if I had left them in the car, but the men were not in their room. Smoking, I concluded.

Then I called the garage but our chauffeur was not there. So I slipped into Bonny's clothes, ran to the garage myself and discovered my necklace in the pocket of a door.

I was rather ashamed of losing and breaking those silly beads so often. So I did not refer to them when Bonny came into the room an hour later.

She had been walking in the moonlight with Bart, she explained. The moonlight—it was the most wonderful she had ever seen, she averred. She smiled happily and I smiled into my pillow. Plainly her father's plan was working without a hitch!

Bonny threw my things in a heap on a chair and I had to get up and take care of them after she had fallen asleep.

Household Hints

BLUE KITCHEN

A kitchen that ought to be conducive to pleasant labor is done in a very soft shade of blue. The cupboard, kitchen cabinet, and even a part of the kitchen stove are painted to match, and the indirect lighting fixture is arranged in a blue shade.

ORGANDIE

Organdie used to be considered the most approved material for the unsophisticated costume. Now we find organdie trimmed with metal embroideries and with exotic colors that have quite changed its character and made it a most sophisticated fabric.

SHEATH GOWNS

The sheath gowns that received so much condemnation a few years ago threatens to come back. One Paris designer is showing sheath effects with a long, straight line and no belts. Other designers are bringing up the waistline to a more normal position.

PORCH FROCK

The porch frock has developed into a straight line frock, made up in bright colored fabrics, or printed designs, not too conservative in color. Usually they have round necks, short sleeves and elastic bands at the waist.

WRAPS

Black crepe is the popular material for coats and capes at this time, and the fact that practically every woman you meet is wearing one does not seem to affect their vogue.

New Luncheon Dishes

LUNCHEON

LUNCHEON dish that is new and will appeal to the most fastidious is so simple one wonders why it never was tried before.

Choose a large, smooth potato longer than it is thick. Bake till done. Cut a slice off one side and scoop out the pulp. Mash and season with salt, pepper, butter and milk.

Beat till very light and keep hot. Break two eggs in the potato shell, being careful not to break the yolks. Cover the eggs with chopped ham.

Fill the potato shell with mashed potato piling it up above the top of the shell and piping it around the edge. Grate cheese over surface of the mashed potato. Put in a moderate oven for eight minutes to cook the eggs.

Increase the heat and brown the edges of the mashed potato. A smaller potato may be used and only one egg dropped in the shell.

Crab meat, flaked salmon, chopped chicken, tuna fish, chopped shrimp, salt codfish can be used in the place of ham.

The eggs are cooked soft as a cream sauce is not necessary with the meat. The potato must be very soft and light when prepared for piping.

If a pastry bag and tube are not at hand, fold a piece of footscoop paper in the shape of a cornucopia. Tear an opening in the pointed end. Fill with potato and press through the ragged hole. The potato can be piped in tiny cone-shaped puffs or any little fancy edge.

Tomatoes can be used in the same way. Wash medium sized tomatoes and cut a slice from the stem end. Scoop out the pulp with a spoon.

Put a thin layer of cooked rice or macaroni in the bottom of each tomato. Add one egg, cover with chopped ham or fish and fill shell with rice or macaroni.

Rub the pulp through a strainer and pour into tomato. Sprinkle top with grated cheese and bake 10 minutes in moderate oven.

If the tomatoes are baked in ramikins there's little difficulty in serving them.

A different kind of meat can be used in each potato or tomato. The eggs should be seasoned with salt and pepper and a bit of butter before the meat is added. If ham or a salt fish is used omit salt in seasoning.

IF YOU ARE WELL BRED

You handle your silver and your food correctly and gracefully while eating. The "lunch counter lunge" with which many persons attack their food is just as ill bred as the "boarding house reach."

When you are alone you will be just as careful of your table manners as if you were in the most distinguished company. In this way you form correct habits and unconsciously do the correct thing.

FOR MID-SUMMER

Very straight, tailored looking frocks are being made up of linen in bright colors. White braid or white organdie usually enters into the composition and adds the finishing touch.

It's a happy drink

There never was such a friendly drink as Clicquot Club Ginger Ale. Day after day, in summer or winter, in Boston or Los Angeles, the taste never varies. It's a man's drink and a woman's. Little children love it, and it is kind to them. The fussiest people accept it gratefully and are perfectly satisfied. There is the secret of Clicquot's popularity—they all like it.

Buy Clicquot by the case for the home. Take it with you on your picnics. Drink it for its own good self or mix it with any fruit juice when you desire a change.

We also make Clicquot Club Sarsaparilla, Birch Beer, and Root Beer. They are worthy companions of Clicquot Club Ginger Ale—which is the highest praise we can give them.

They all like it

Adventures Of The Twins

Mysterious Basket

Kip helped Nancy and Nick to find the path again on Electric Mountain and then he left them. "I'd like to stay with you," he said, "but I can't. You see, Princess Therna, in her Castle of Mirrors, sees everything. She can see all the troubles you are having, although she cannot help you. Besides you must make the journey alone. She is likely looking at me with you now, but that's allowed I'm only talking to you. Goodbye, now."

"Goodbye," said the Twins. "We're ever so much obliged. We won't hunt for any more brooks."

"That's right," said Kip. "and take the advice of your red feather. If you had closed your eyes when he wrote his last message you'd have been better off."

Kip stamped on the ground three times and disappeared.

This time the Twins kept to the path and soon reached the bottom of the mountain.

"My," yawned Nancy. "I'm glad that's over. Now we can take our goshawks off. There's no electricity here and my feet are getting tired. I wonder what Eiderdown Mountain is like."

"It sounds like a good place to spend the night," said Nick. "I'm getting dreadfully hungry, too. I wish we'd asked Kip where to find—Why, hello, what's this?"

Right before them on the ground appeared a little basket with a nice white napkin over the top.

"It looks like our supper," said Nancy, peeping in. "Yes, it's sandwiches and a bottle of milk and fruit, too. Isn't that lovely?"

The red feather jumped out of Nick's pocket at that and began to write on the magic paper again.

"Oh, shucks!" declared Nick. "More trouble, I suppose. I almost wish the old feather had stayed at home. It's always telling us not to do things."

But this time the pen wrote: "The Magical Mushroom sent you this basket. Eat out of it all that you wish. Whenever you are hungry it will appear with more food."

"Dear Old Mushroom!" said Nancy. "Nick, the red feather is our best friend."

# INTERLAKES TACKLE LEAGUE LEADERS NEXT SUNDAY

## "RED" ELLIOT, INTERLAKE STAR, TO LEAVE TEAM

Mill Team's Star Infielder Leaves Company to Go Into Business

"Red" Elliott, famous college athlete and star second baseman for the Interlake team of the County league, has resigned his position with the Interlake pulp mills to enter the contracting business with his father at Oregon, Wis. The Interlake team gave a banquet in "Red's" honor at Hotel Appleton Tuesday evening.

Altho Elliott's loss will be keenly felt by the Interlakes, Manager Gregory will have the second sack well taken care of in next Sunday's game. Eddie Liesch, former shortstop for the Pulp Makers will play in that position. Gregory says he is a start on the job.

The fact is the Interlake team has been playing some real baseball this season. Every night this week sees the team at full practice on the Interlake diamond and if ever a team was in good trim for a hard game this one will be by the end of this strenuous week.

In all probability Gregory will use the same lineup against Kimberly that was in play last Sunday against Hortville. Either O. Sternagel or Fred Last will pitch. W. Last will be behind the bat. Kirk on first, Liesch on second, Day third, Sternagel at short, and C. Sternagel, Boetz, Neffe and Gregory in the field. This should be a formidable outfit and fans who see the game will no doubt witness a good one.

## ROBERTSON ALLOWS TWO HITS; SOX COP

Chicago Pitcher Came Near Pitching No Hit Game Against Boston

Chicago—Charley Robertson of perfect game fame on Tuesday let Boston down with two hits while Chicago touched Bill Piercy for ten, and shut out the visitors in the final game of the series, 5 to 0. O'Rourke, the first man up in the eighth inning, made the first hit, a single to left, but a fast double play followed. Menosky uncorked the other hit in the ninth, but was forced at second. Two men walked. Smith, the first Bostonian to face Robertson, walked, but died on first. Not a runner reached first again until the sixth when Piercy walked and went to third on Johnson's fumble of Menosky's grounder. Aside from this inning not a player reached second base, and four men were left stranded on the bases, three at first and Piercy at third.

Robertson was given fine support. Johnson, Mulligan, E. Collins, Schalk, Mostil Sheely and Hooper making spectacular plays.

Joe Harris first baseman of Boston, was spiked on the foot by Mostil in a close play at first base and had to retire from the game.

Boston . . . 0 0 0 0 0 0 0 0—0 2 2  
Chicago . . . 0 0 1 1 0 0 0 3—5 1 1  
Batteries: Piercy and Chaplin; Robertson and Schalk.

## COBB STARS AT BAT

Detroit—Cobb made it three out of four from the batting line, winning Tuesday's game, 5 to 1. Harris' homer in the first averted a shutout for the Nationals. Cobb's hitting was a big factor in the Tigers' victory, while four double plays behind Oldham also cut off scoring chances for Washington. Score: Washington 1 0 0 0 0 0 0 0—1 7 2  
Detroit . . . 0 0 0 1 0 1 3 0—5 2 9  
Batteries: Francis, Erickson and Garrity; Fiecinich, Oldham and Bassler.

Charles Robertson of Chicago White Sox who recently pitched a perfect game, left Boston down with two hits Tuesday, one coming in the eighth and the other in the ninth. He walked two men and another got his base on an error. Only one man

## REDS DROP FOURTH GAME TO NEW YORK

Cincinnati Loses 4 Straight Giving New York Big Lead in National League

New York—New York increased its lead in the National league to four full games on Tuesday by making it four in a row from Cincinnati, 7 to 5, while Pittsburgh lost to Boston. Both Nehf and Couch were hit hard but had exceptional control. Both teams fielded brilliantly. Score: Cincinnati . . . 0 0 0 2 0 0 0 0—5 2 0  
New York . . . 0 0 4 0 2 0 0 1—7 14 1  
Batteries: Couch and Hargrave; Nehf and Smith.

**PHILS SWAMP CARDS**  
Philadelphia—Pounding four St. Louis pitchers for sixteen hits, Philadelphia on Tuesday took the final game of the series, 14 to 0. First Baseman Fournier pitched the eight inning for the Cardinals and did not allow a hit. Pitchers Haimes and Portica played first base and shortstop respectively in that inning. Recruit Singleton held the visitors to six scattered hits. Score: St. Louis . . . 0 0 0 0 0 0 0 0—0 6 3  
Philadelphia . . . 0 0 7 0 0 3 4 0—14 16 1  
Batteries: Doak, North, Bailey and Clemens; Singleton and Peters.

**BRAVES BEAT PIRATES**  
Boston—Good hitting in the pinches by Gowdy, Barbare and Nicholson largely accounted for Boston's victory over Pittsburgh on Tuesday, 8 to 5, giving the series to the Braves, three games to one. Ford's fielding was brilliant. Boston has won nine of its last eleven games. Score: Pittsburgh . . . 0 0 4 0 1 0 0 0—5 11 3  
Boston . . . 4 0 1 0 0 0 0 0—8 12 1  
Batteries: Morrison, Cooper, Hamilton and Goeck; McQuillan, Marquard, Fillingham and Gowdy.

**DODGERS LOSE 8-3**  
Brooklyn—Chicago evened up the series by beating Brooklyn on Tuesday 8 to 3. The Cubs landed on Burleigh Grimes for six hits and two sacrifices in the fifth which, with three errors, gave them six runs and sent the Dodgers' ace to the showers. Alexander received six hits. Score: Chicago . . . 2 0 0 0 6 0 0 0—3 16 1  
Brooklyn . . . 0 0 2 0 0 1 0 0—3 10 5  
Batteries: Alexander and O'Farrell; Harnett, Meaux, Grimes, Shriver and Miller, Hurling.

## Curve Ball Finished Thorpe

JIM THORPE

**By BILLY EVANS**  
Ten years ago Jim Thorpe, the famous Indian was hailed as the greatest all-around athlete in the country. The other day the wires carried the news item that Jim Thorpe had been released by the Portland club of the Pacific Coast League to make room for younger blood.

It was in 1912 at Stockholm that Jim Thorpe in the Olympic games won the decathlon championship, the hardest test in all-round ability that track and field sports offer.

Later Thorpe was stripped of all the honors won at Stockholm as an amateur, when it was discovered that he had accepted a very small salary for playing professional ball in a tank-town circuit in the south. The release of Thorpe by Portland probably marks the passing of the great athlete from the world of sport. At least it will take him very much out of the limelight.

Thorpe was unquestionably one of the greatest athletes in the his-

tory of sport. He could do everything well. On the track and field he was a star, on the gridiron his great feats are still the talk of the sporting world.

**JIM'S POOREST SPORT**  
Baseball was Thorpe's poorest sport, yet as a ball player Thorpe had much natural ability.

On the gridiron Thorpe was a wonder at carrying the ball and was equally good at defense. He was fleet of foot, a very hard man to tackle, and as an open-field runner had but few equals.

In the kicking line Thorpe was just as proficient. The records of football's greatest kicking feats fairly bristle with the name of Thorpe.

When Thorpe was secured from the Carlisle Indian School by John

McGraw for the New York Giants the news was heralded from one end of the United States to the other. No other player who ever came to the majors was press-agented quite so widely as Thorpe.

Thorpe was a graceful player. He developed into a fine fielder and had an excellent arm. He was fast on the bases.

**WEAK AT BAT**  
Jim's one glaring weakness as a ball player was at the bat. He could murder a fast ball. When he hit one in his groove, and got those muscular shoulders of his behind the drive, the ball would certainly travel. At one time he achieved considerable reputation as a home-run hitter.

The old curve ball was the troublesome one for Jim. He just couldn't resist slicing away at the curve. As a result pitchers began to feed Jim on a curve ball diet which drove him from the majors and slowed him down in the minors.

Thorpe was a colorful athlete. One of his type hops up in the athletic world once in about every hundred years.

## 4TH AND 6TH WARD TWILIGHT TEAMS WIN FIRST GAMES

Race for Championship of American Legion League in Full Swing

The Twilight league's baseball season opened with a bang Tuesday evening when two games were played in the race for the championship of the local American legion sport. But the bang was not quite as loud as it should have been for Manager Roy Hauert of the Second ward is having no little trouble in assembling enough men to make a team. The First and Second ward teams were scheduled to meet at Jones park but the game was postponed to Friday evening. And the wet grounds just saved the fair name of the Second warders too for in all probability Hauert would have had to ring in a few spectators to fill out his team. All members of the legion living in the Second ward are urged to turn out.

The Fourth ward school diamond was the scene of the game between the south siders and the Third ward outfit. Fourth warders made good Manager Hantschel's threat when they copped the game by a count of 11-3.

Snyder's strong Fifth Ward team went down to defeat in the hands of the apparently stronger Sixth ward nine on the Columbus school diamond; the score was 12 to 7. Snyder lays the beating to the fact that three of his star players were not in the lineup. The Fifth warders are going after the game harder than ever and with some more practice should be able to give the other teams a good run.

**Directors to Meet**  
Directors of the chamber of commerce will hold an adjourned meeting in the Sherman house Thursday evening. Several matters are to be taken up. One is the request of the Mississippi Valley association for endorsement of Henry Ford's offer for the Muscle Shoals power project in Alabama.

**Philadelphia**—Harry Greb was signed to meet Tommy Loughran, Philadelphia middleweight here July 10.

## KAUKAUNA WILL BATTLE BRANDTS HERE NEXT SUNDAY

Down River Team is Fit For Fight After Stopping Bays

Brautigan's Kaukauna baseball team, conqueror of the mighty Bays, will come to Appleton Sunday to give battle to the Brandts. The victory at Green Bay last Sunday put the team in the lead in the down river squad and E. W. Grogan, one of the club officers expresses the wish that Brandt gets the strongest team possible so that the Kaukauna lads can show what they really are able to do. Grogan also emphatically announces that there will be no change in his line up for next Sunday.

The Kaukauna manager is satisfied with all the happenings at Green Bay last Sunday with the exception of the action of some of the Bay fans. All that the umpire could do, even to appealing to the management, was of no avail in keeping the crowd off the diamond.

A call was issued to Kaukauna fans to help repair the bleachers and grandstands which the big storm destroyed, and a large number volunteered. The ball park will be in condition so that the team can finish its season there.

## MALONE, DROPPED, WALLOPS DOWNEY

**Aurora, Ill.**—After being knocked down in the first round of a ten round bout Tuesday night, Jock Malone, of St. Paul, railroad and won a decision over Bryan Downey, of Columbus, O., in the opinion of the majority of the newspapermen at the ringside. They are middleweights. Frankie Schaeffer of Chicago, knocked out Mattie Smith of Racine, Wis. in the fourth round of a scheduled ten round match. They are featherweights. Downey bled badly at the nose in the last three rounds and when the fight was over it was feared his nose was broken.

Smith took a severe punishing before he went down for the count. He was floored four times.

**WHITE SOX GET COAST COLLEGE LAD AS PITCHER**

**Chicago**—Cecil Downs, a right hand pitcher from the Gonzaga university of Spokane, Wash., on Tuesday reported to the Chicago White Sox and worked out with the locals before the game.

## YANKS ARE OPPOSED TO BARNSTORM RULE

New York—A battle between owners in the American and National baseball leagues over the anti-barnstorming rule for pennant team players seems likely to occur immediately. Ban Johnson and Cols. Jacob Ruppert and Til Huston of the Yankees, have expressed opposition to the action taken by the National league owners last week upholding the rule as a good one.

The opposition of the Yankee owners is said to be based on the fact that Babe Ruth and Bob Meusel, who were severely penalized for violating the rule last fall, had signed this year's contracts with the distinct understanding that the rule was to be abrogated the coming autumn whether the Yankees won the pennant or not.

## MASONS TO HOLD TEMPLE BANQUET

Building Project Will Be Dis-  
cussed at a General Assem-  
bly of Lodges Tonight

Several hundred members of the  
Masonic lodges of Appleton are ex-  
pected at the supper at 6.30 Wednes-  
day evening in Masonic hall, where  
the erection of a new temple is to be  
discussed. The invitation is to include  
all persons who are Masons, whether  
affiliated here or not.  
G. E. Buchanan as chairman of the  
building committee made up of repre-  
sentatives of the various lodges, will  
present a report of what has been  
done to date toward the building pro-  
ject. Recommendation will be made  
as to type of building, cost and means  
of financing.  
The meeting then will be turned in-  
to an open forum where views of  
every Mason will be sought, largely  
to ascertain the general feeling in the  
lodge toward the project, and to ob-  
tain further suggestions.  
A financial campaign is to be con-  
ducted later.

## DELIVERY TRUCK RUNS DOWN HILL INTO RAVINE

An inclosed delivery truck, license  
No. 304,899, went down the embank-  
ment into the big ravine at the pub-  
lic dumping grounds at the west end  
of Washington-st. at an early hour  
Wednesday morning. The driver  
backed the truck up to the edge of  
the embankment to unload some rub-  
ber. It rolled backward into the  
ravine. It landed in an upright posi-  
tion and the engine was still running  
when the truck was removed later in  
the day.  
Different Charles Young  
Charles B. Young, 820 Oneida-st., an-  
nounces that he is not the Charles  
Young who was brought from Mil-  
waukee by Under Sheriff Earl  
Schwartz a few days ago to answer  
charges of failure to support his wife  
and children. The defendant is now  
in the county jail waiting examina-  
tion.

**A. A. L. Trustees Meet**  
Trustees of the Aid Association for  
Lutherans are holding their monthly  
meeting in the home of Mrs. E. E.  
Wednesday afternoon. Business re-  
ferred for the month of May will be  
presented by the officers and matters  
concerning the new insurance build-  
ing discussed. Color schemes for the  
interior walls will be decided upon.

## DEATHS

**LOUIS KLEIN**  
Louis Klein, 63, died of apoplexy  
Tuesday at his home at 644 Story-st.  
He had been a resident of the city for  
many years and is survived by his  
widow, two sons, and a daughter,  
Charles Klein, Appleton; Michael  
Klein, Madison; and Mrs. William  
Rohde, Racine. He was a member of  
St. Joseph society and Catholic Order  
of Foreman. His funeral will be held  
at 5 o'clock Friday morning from St.  
Joseph church with interment at St.  
Joseph cemetery.

Mrs. Richard Koepke, formerly of  
Appleton, died at her home at Mil-  
waukee Tuesday. She is survived by  
her husband, one child, and several  
brothers and sisters. Among Appleton  
relatives and friends who left Wednes-  
day afternoon to attend the funeral  
were Mr. and Mrs. Charles Koepke,  
Mrs. B. C. Koepke and Mr. and Mrs.  
H. C. Jens.

## BUSCH ASSAILS LASKER FOR SELLING LIQUOR

(Continued From Page 1)  
not merely intended for you, but is  
also written with a view to public re-  
joinder.  
"I believe you to be thoroughly self-  
ish and that you are acting in the  
hope of creating a public revolt  
against prohibition so that you may  
again receive the sale of your liquors,  
utterly regardless of how you might  
hurt the American merchant marine  
in your effort to create a situation to  
benefit your brewery."  
"It is, of course, notorious that the  
Adolphus Busch who founded your  
brewery was possibly the Kaiser's  
closest friend in America, and that  
your family for many years has main-  
tained a castle in Germany; your ac-  
tion in any event, will not displease  
your German friends whose greatest  
hope of a restored German merchant  
marine is in effect a hurt to Ameri-  
ca's new born merchant marine."  
"I refer to these extraneous facts  
not in resentment, but that it may be  
made clear that in my opinion you do  
not come before the bar of public  
opinion with clean hands."  
Theodore Sanders, who has been  
confined to his home for a week, was  
able to be at his grocery store Tues-  
day for the first time since he was  
taken ill.  
Elmer Semrow and Clarence Spring-  
stroh, employees of the Citizens Na-  
tional bank have gone to the north  
woods for a two weeks' camping and  
fishing trip.

## ADD 5 TO ROLL OF CHERRY PICKERS

Campaign Will Be Pushed to  
Obtain 75 More Applica-  
tions for Paid Outing

Five new names were added to the  
enrollment for Goff cherry pickers'  
camp at Sturgeon Bay at a boys' rally  
in the Y. M. C. A. Tuesday evening  
attended by about 30 youths who are  
going to camp.  
The campaign to complete the quota  
of 150 for the camp is to be pushed  
vigorously for the next two weeks.  
About 75 boys still are needed.  
J. E. Dennison, boys' work secre-  
tary, who directs the camp, gave

many suggestions to those who will  
be in camp for the first time. More  
group leaders are needed for camp di-  
visions.  
There are prospects that the boys  
will make the biggest earnings this  
year of any season. Dr. Dennison  
has been informed that the cherry  
crop is 25 per cent greater than a  
year ago, and the pay is based on  
the number of quarts picked.

## "Y" CAFETERIA BEGINS NEW PLAN OF SERVING

Thursday will be the first day of  
operation of the Y. M. C. A. cafeteria  
under the new policy adopted by the  
board of directors. The place is to  
be open for business all afternoon.  
There will be table service at the sup-  
per hour instead of the former self-  
service plan. Breakfast and noon  
hour meals will continue on the cafe-  
teria plan.
